MEMORANDUM FOR: National Foreign Intelligence Board Principals

FROM : Henry S. Rowen, Chairman  
National Intelligence Council

SUBJECT : Additional Estimative Papers

1. This memorandum is to bring you up to date on our plans concerning the production of several new estimates the Director of Central Intelligence has charged the Community with preparing.

2. A SNIE produced under fast-track procedures is drafted and is being coordinated by your Representatives today on Western Alternatives to Soviet Natural Gas. We expect a telephone poll of the Principals on this paper to take place tomorrow.

3. Another fast-track SNIE on the Short-Term Prospects for Central America is being drafted over this weekend and will be coordinated by your representatives on Wednesday, 2 June. We plan a telephone poll of the Principals on this paper on Friday, 4 June.

4. A third fast-track SNIE on the Implications of Iran's Victory Over Iraq is also to be drafted in the next few days and is scheduled to be coordinated by your Representatives on Friday, 4 June. We plan to table the paper at the NFIB meeting tentatively scheduled for 8 June.

5. We plan to produce an estimate--perhaps as an IIM--this summer on the Soviet Approach to Arms Control.

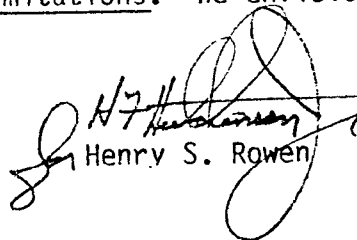

6. A SNIE or NIE will shortly get underway on the US Capability to Monitor Strategic Offensive Force Limitations. We envision an NFIB target date of mid-summer for this paper.
